

Gas statement

Your total new gas charges

Standing Charge Gas	22 days x 111p per day
Usage charge single rate - gas	

Total supply charges

Plus VAT at 12%

If you stop paying by Direct Debit your electricity Standing Charge will go up by up to £48 (including VAT) per fuel per year.

If you have a smart meter or if you submit a meter read every month then we will send you a bill based on your actual energy usage. If you don't have a smart meter or if you are unable to submit a meter read every month then your bill will be estimated.

Gas Readings for Meter 12345

Opening Read Date	Read Type	Opening Read	Closing Read Date	Read Type	Closing Read
2024-01-01	E	1	2024-01-23	E	12

Total m3

How we calculate your gas charges m3 to kWh conversion12345

Date	m3	Correction Factor	Calorific Value	kWh	Rate
2024-01-23	31.13m3	x 133	x 12 /3.6 =	13800.97	x 1.2
